

DIGITS LLC SERVICES

In today's workplace, employees regularly use digital technology and unique Electronically Stored Information (ESI) is created. ESI is stored in the digital devices of an employee, intentionally and unintentionally. The ESI holds the truth of the employee's actions and intentions.

Our services include:

- ❖ Computer Forensics & Data Recovery
- ❖ Corporate Computer Investigations
- ❖ Litigation Support—E-Discovery
- ❖ Network Security Advisory Services
- ❖ Training
- ❖ E-Policy Consulting

when there's everything to lose

DIGITS' core business is designed to help our clients take full advantage of today's information technologies while guarding against the ever-changing threats posed by those very technologies.

DIGITS' Services

DIGITS was founded in 2006 to fill the need in the legal and corporate communities for highly skilled computer forensic and data recovery services, corporate computer investigations, litigation support services, network security advisory services, and general computer consulting services. DIGITS LLC officers have over 115 years of combined federal and state law enforcement experience in Computer Forensics and advanced technology investigations. With offices in Buffalo and in West Seneca, NY, our core business is designed to help our clients take full advantage of today's information technologies while guarding against the ever-changing threats posed by those very technologies.
